EducationAI

All-in-one School Management System

Run your whole school from one app.

Attendance, fees, exams, staff and parents — managed on the web and on your phone, with smart AI to save hours every week.

What Education AI does for your school

Attendance
Mark student and staff attendance in seconds, with face-recognition option and instant absence alerts.

Fees & Finance
Fee vouchers, collection tracking, discounts, expenses and clear reports of who has paid and who hasn't.

Exams & Report Cards
Enter marks, set grading rules and print professional report cards automatically.

Timetable & Lesson Plans
Auto-generate class timetables and plan lessons, assignments and curriculum.

HR & Payroll
Staff records, leave, salaries and payslips — all in one place.

Parent & Student Portal
Parents see attendance, results and fees live, and message the school directly.

Admissions
Track enquiries and convert them to admissions without paperwork.

Transport, Library, Hostel
Routes with GPS, book issuing, hostel rooms and gate passes.

Notifications
Fee reminders, absence alerts and announcements pushed to parents' phones.

Why schools choose us

- Works on **web and mobile app** — admin, teacher and parent
- Enable only the **modules you need**
- **AI insights** flag low fee collection and at-risk students
- **Multi-branch**: manage many campuses from one login
- Role-based access — everyone sees only what they should
- Secure cloud data — no servers or hardware to buy

18+	9	Web + App	0
